## PROFESSIONAL SUMMARY

As a backend developer, I possess a remarkable level of expertise in crafting robust and scalable web applications. My passion lies in designing and developing web apps that not only meet functional requirements but also deliver an exceptional user experience.

## EDUCATION

**GCSE**, Noradin Girls' High School

**Bachelor's degree**, Software Engineering, Abaarso Tech University

- GPA: 3.63

## WORK EXPERIENCE

**Junior Backend Developer, Sifalo**

**01-2024-Present**

- Collaborated with senior developers to architect and build scalable backend solutions.
- Contributed to developing high-quality applications within project timelines.

**Web designer, Vision Creative Agency**

**02-2024-05-2024**

- I worked as a contracted web designer, utilizing Figma and Webflow to create responsive websites, prioritizing user experience.
- Implemented short-term projects using WordPress, crafting custom websites to meet client needs efficiently and effectively.

**Software Engineer Intern, Sifalo**

**04-2024-08-2023**

- Interned as a software engineer, assisting in coding, testing, and learning from senior team members.
- Contributed to developing high-quality applications within project timelines.
